IVANHOE!

WYTHE COUNTY, VA.

At the junction of the North Carolina extension and Cripple Creek extension of the Norfolk and Western Railroad. A great railroad junction, in the heart of the greatest mining district of Southwest Virginia, and destined soon to rank with the great industrial centers of the New South.

THE IVANHOE LAND AND IMPROVEMENT COMPANY

Will offer at Private Sale

JULY 16th, 1890,

Desirable Business and Dwelling Lots at an average Price of \$275.

All lots are favorably located on gently rising grounds overlooking the beautiful Valley of New River.

The exceedingly low price at which these lots are placed upon the market is due to the fact that the lots are placed upon the market at a sacrifice.

Through its excellent railroad facilities, IVANHOE is placed within minimum haul of the enormous deposits of Gossan Iron Ore, of Carroll County, and the world famous limestone and mountain ores of Cripple Creek Valley, and also within easy haul of the celebrated Pocahontas and Flat Top coal and coke fields.

IMMENSE LIMESTONE QUARRIES ARE BEING OPERATED WITHIN THE TOWN.

The No. 1 Furnace of the New River Mineral Company is already in successful operation, while the

Ivanhoe Iron Company,

under the Presidency of Mr. Jordan L. Mott, of the Mott Haven Iron Works of New York, has been organized for the purpose of erecting another furnace of large capacity. The extensive mines of the Mott Haven Iron Company adjoining the town, are already being employed to a large number of men.

The IVANHOE LUMBER COMPANY, with a capital of \$500,000, has purchased immense deposits of exceeding rich zinc ores, which they are now developing, and will soon erect several zinc furnaces.

Being the only city in the Southern connection of the Norfolk and Western Railroad, IVANHOE, must become a great distributing point for the immense ore fields and agricultural and timber districts of Southwest Virginia and Western North Carolina. Situated in the midst of a great wool raising district, and within a short distance of the Southern cotton fields. No place in Virginia possesses greater advantages for woolen and cotton mills.

Vast tracts of Red and White oak, chestnut, hickory, pine and hemlock, near at hand, furnish exceptional opportunities for wood-working establishments and steam tanneries.

A \$35,000 Hotel will be erected at once.

Water works, planing mill and brick factory will be erected at an early date.

Being 2,000 feet above the sea, the climate is unsurpassed by the celebrated mountain resorts of our world. A large tract of level land with a front of one and a half miles on New River has been set aside for manufacturing purposes. Liberal inducements will be offered to industries locating here. Through its connections with the steamships, the Louisville and Nashville, the Cape Fear and Yaskin Valley and the Shenandoah railroads and its outlet on the Ohio River, the Norfolk and Western Railroad places IVANHOE in direct communication with the great markets, North, East, South and West. For maps, descriptive pamphlets, etc., apply to the Ivanhoe Land and Improvement Company, or C. M. Seelye, Secretary, Ivanhoe, Wythe County, Va.
